

Doodsons in Heywood, Lancs

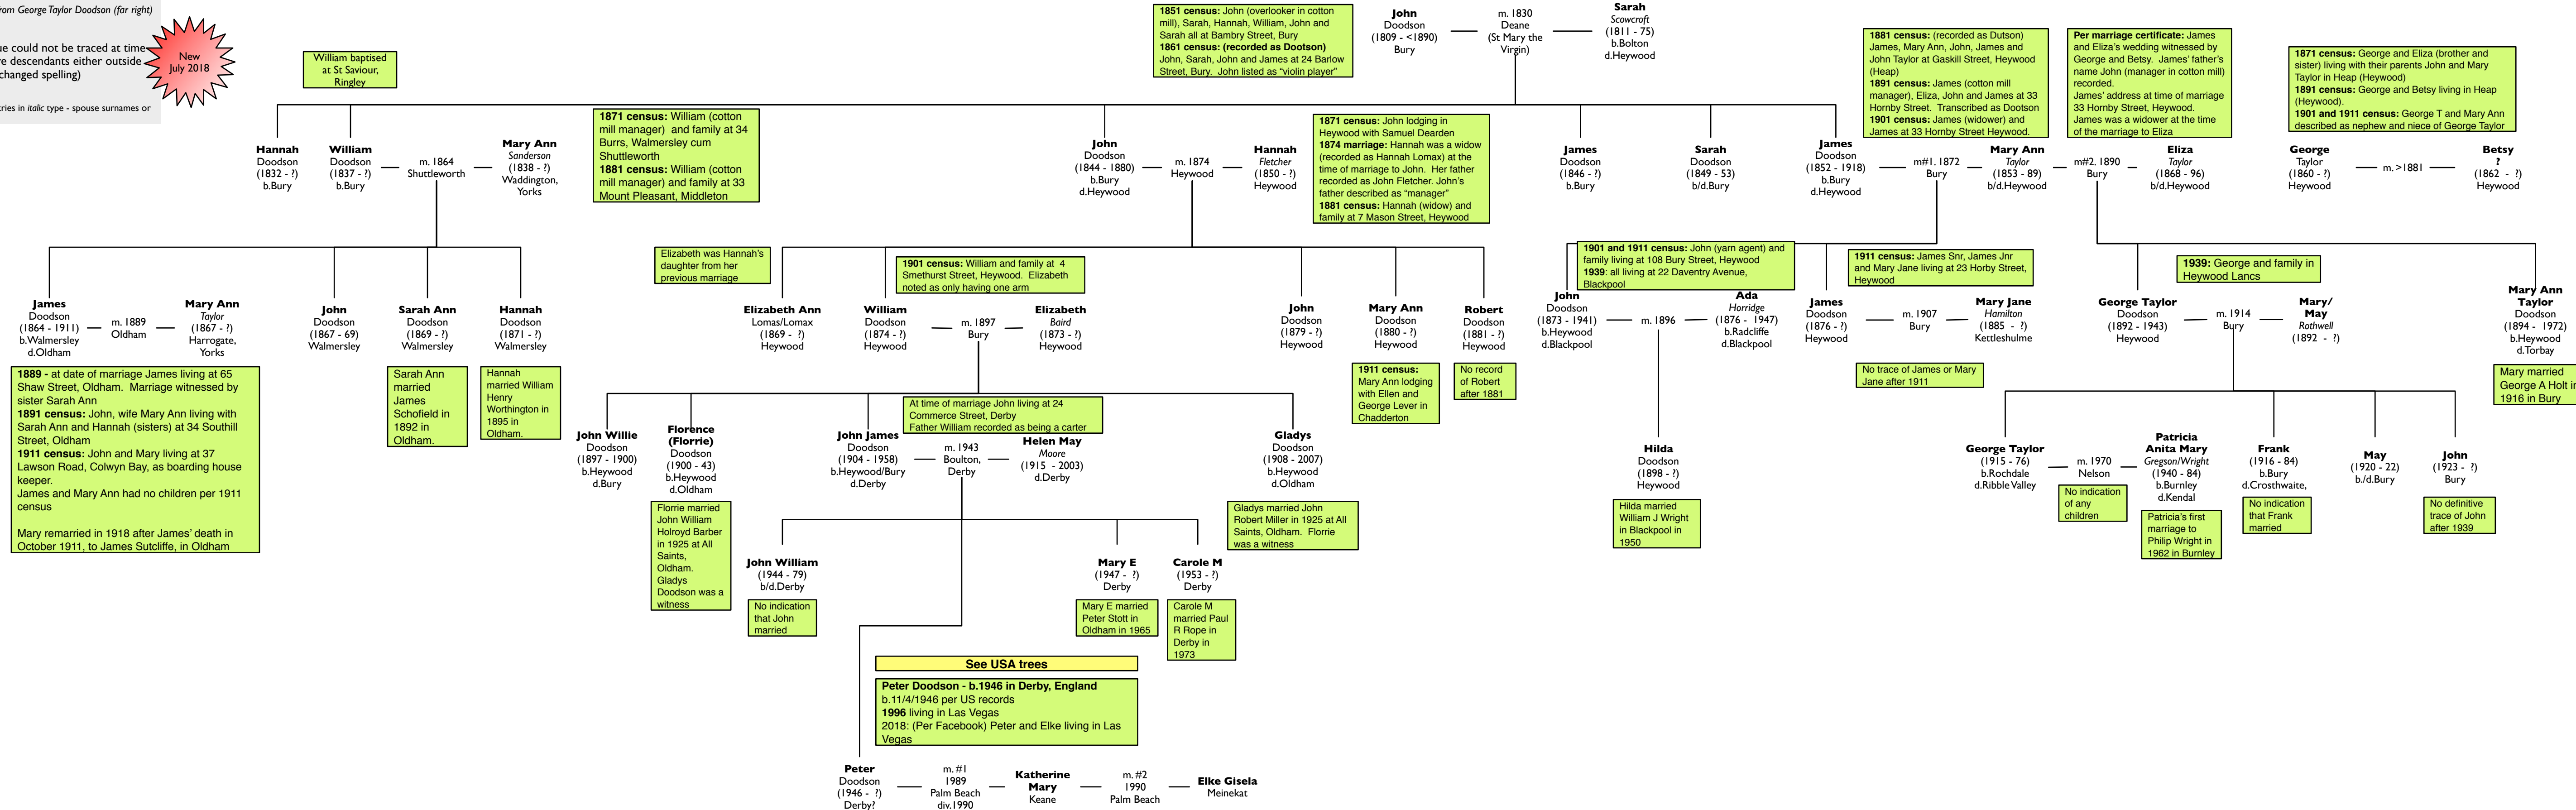

Family tree prepared by Mike Doodson

From census and other historical record information. Although the origins of this family tree are in Bury, as is common with other trees, by the late 1800s most had moved to either Heywood or Walmersley.

Original tree constructed July 2018, originating from George Taylor Doodson (far right) and Peter Doodson (bottom) from USA trees.

Note that male lines that do not continue could not be traced at time of research. It is possible that there were descendants either outside the UK or with different surnames (e.g. changed spelling)
